
VMAX[®] ip PLUS[™]

Complete IP Video Solutions

Plug and Play IP NVRs,
Managed from Anywhere.

What are VMAX® IP Plus™ NVRs?

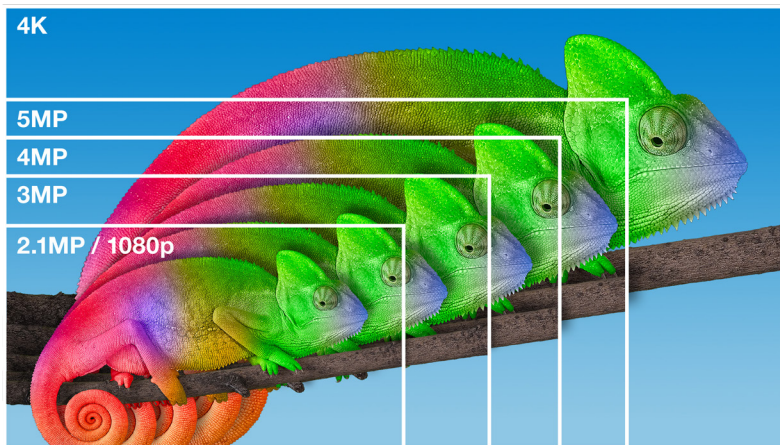

VMAX® IP Plus™ is an easy to use PoE NVR that allows you to go from power up to monitoring in less than three minutes! UNLIKE ANY OTHER™!

Key Technologies

Megapixel resolution

DW's technology delivers crystal-clear images in resolutions up to 4K. Higher resolution delivers forensic details when zooming into the camera's field of view.

Plug and play with local PoE ports

The VMAX® IP Plus™ NVRs can power up to 16 IP cameras locally from the system itself, no need for PoE switches and additional power sources.

3-minute installation

Get your NVR from the box to monitoring and recording in under 3 minutes!

System Monitoring

A real-time graphical representation of all system connections. Receive connection alerts via email or text.

Thumbnail Search

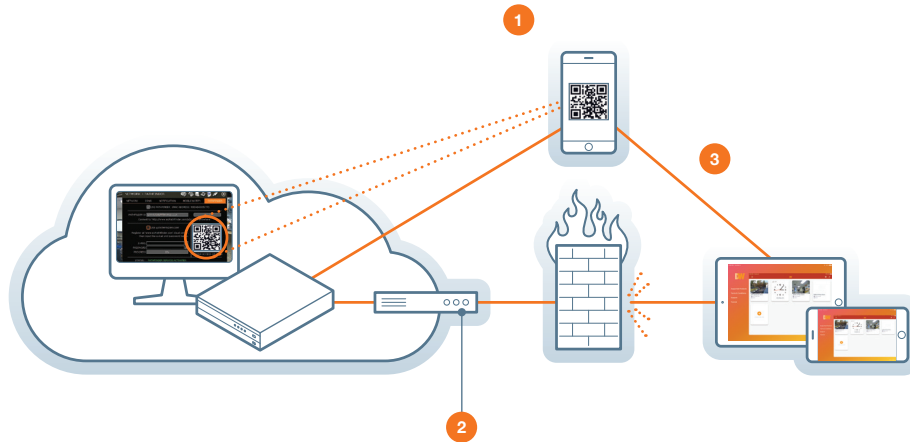

Find video fast by clicking on thumbnails by the date, hour and minute.

PathFinder™

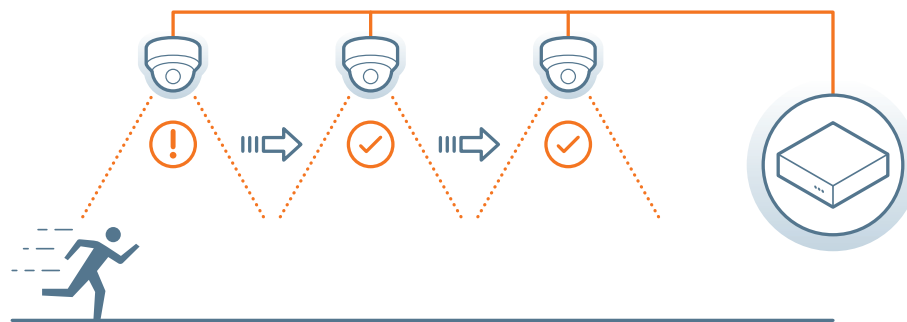

Easy and secure peer-to-peer remote connection without opening ports.

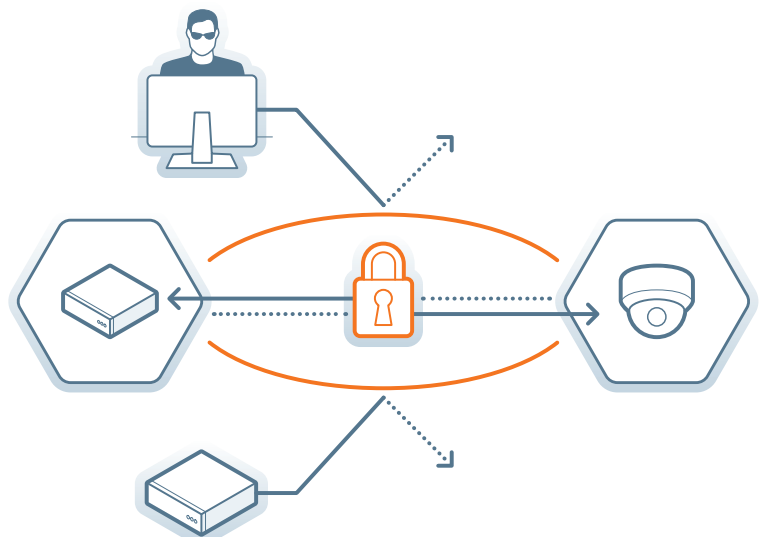

Camera Group Recording

Designate a group of cameras to respond to an alert from one camera.

CCIP™

DW's CCIP (Closed Circuit Internet Protocol) encryption is an exclusive DW technology that provides an encrypted RTSP stream between the camera and the recorder, assuring users their cameras, recorders, and data are secured. The feature is available for all MEGApix® single-sensor IP cameras as well as VMAX IP Plus NVRs.

DW Witness™

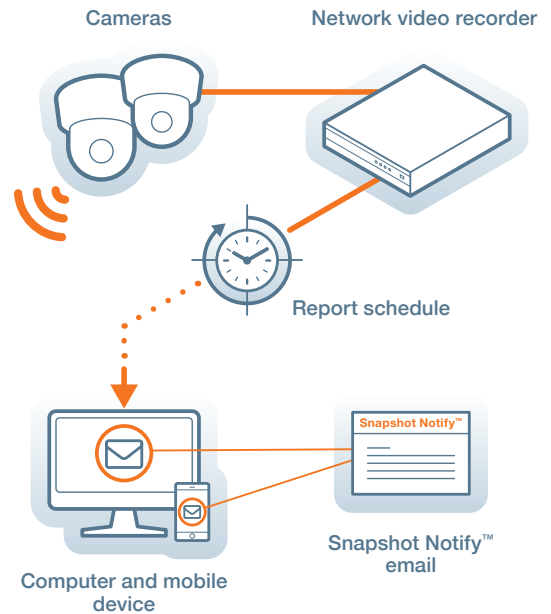

The DW® Witness™ app instantly turns your smartphone or tablet into a video surveillance camera. With the press of a button, start transmitting live video to your VMAX® IP Plus™. It's a “black box” for personnel on patrol.

Snapshot Notify™

Set up interval camera notifications to be sent to an email or CMS.
