## Summary

The NDAA-compliant MEGApix® InterCam™ 2.1MP/1080p IP intercom door station streamlines door access management by combining video, audio and person detection alerts. The sleek but rugged DWC-INTCAM02 has a wideangle lens, white light emitter, IR LEDs, a built-in microphone and speaker, making it ideal for commercial and residential installations.

### **Features**

- 2.1MP/1080p 1/2.8" image sensor at real-time 30fps.
- 2.3mm fixed lens with wide coverage FoV for full entrance view.
- True Wide Dynamic Range (WDR) for clear images in challenging light.
- · Simultaneous streaming and multiple codec options for smart bandwidth management.
- 1-10' Smart IR™ range with intelligent camera sync for clear B/W images with no need for external light.
- 1-3' white light LED range for deterrence and color images in low light.
- · Person detection for intelligent alarm and recording management.
- · Video tampering detection and alarm with scene change, blur and abnormal color detection.
- · Noise suppression and echo cancellation for clean two-way audio communications.
- Smart DNR<sup>™</sup> 3D digital noise reduction reduces noise and ghosting for motion in low-light environments.
- Backlight compensation (BLC) adjusts the camera's exposure settings to compensate for strong backlight in a scene.
- Two-way audio with a built-in microphone and speaker for direct communication between the monitoring station and the camera's location.
- Local SD card slot for local events recording.
- Alarm sensor input and door lock output for access control integration.
- Optimized for DW Spectrum IPVMS.
- Web server built-in for easy camera management from any browser.
- PoE and DC12V for single cable simplified installation.

866.446.3595

- NDAA-compliant for federal and government projects. ٠
- · Sun shield and angle bracket included for versatile installation options.
- IP65-rated housing is dust-proof and protected against water jets.
- 5 year warranty
